LIBRARY AUTOMATION

Web OPAC

TRY IT OUT BY VISITING
www.mlasolutions.com/products/webopac.htm

The **mandarin Web OPAC** allows you to publish your library's collection on the Web. The Web OPAC has been redesigned to improve customization capabilities, navigability and search speed while adding several important enhancements. Patrons search using the Standard, Enhanced, and Visual search methods found. Easy-to-read tabs allow patrons to navigate quickly through the Web OPAC.

M3

Now available for download... FREE!

Visit www.mlasolutions.com/products/m3.php

In order to provide affordable automation solutions to libraries in this time of limited budgets, we are offering the basic M3 library management package as a free download. By providing our flexible, award-winning software free of charge, we will be able to deliver complete, affordable library automation to a wider customer base, helping libraries of all types and sizes.

The FREE download includes:

- OPAC
- Cataloging
- Circulation (with basic reports)
- Group Editor

A free CD is also available (shipping fees apply)

An annual Service & Update Agreement for M3 is \$620 per site.

IT INCLUDES:

- One year M3 Report Generator Module software license
- One year Inventory Module Software license
- Inventory reports and statistics
- Over 800 predefined reports
- Unlimited 24/7/365 technical support
- New product updates
- All M3 utilities
- Access to Customer's Corner on the **mandarin** web site, which includes downloads, documentation, and the **mandarin** Knowledge Base
- Most current version software license
