

Release Notes

We are pleased to provide you our list of latest enhancements for your newest Mandarin M5 v5.8.2.3 below

Circulation.

1. **ENHANCEMENT:** Circulation can be configured to email Return receipts.
2. **ENHANCEMENT:** There is now a Message option in the Email dropdown, allowing for sending an email to a particular patron.
3. In Circulation, for the current patron, when you go to Print >> Transaction Pane, the printable page has been enhanced to include the patron fields: grade, homeroom and teacher, if the library type is 'school'.
4. A problem with the Payment/Refund receipt email having an incorrect Subject line has been addressed.
5. Circulation now obeys the Add Temp records permission in Group Editor.

6. The printable page for Patron Payment History had omitted the Date Pad column.

Record Editor.

1. If the Suggest Barcode feature is enabled, when the user switches from the default template to another template, the barcode value is blanked.

2. When you mark a bibliographic record for deletion, the 005 in the related holding records is not updated to reflect the date and time of the deletion. The holdings are marked for deletion, but the 005 is not updated. The same scenario affected undelete.

We continue to add new requested features and genuinely appreciate all of the feedback from our librarians around the world.

We hope these new Mandarin M5 features enhance your and your patrons' experience.

Please keep your suggestions coming and as always, we appreciate your ongoing support.
