

We are pleased to provide you our list of latest enhancements for your newest Mandarin M5 v5.7.13 below.

NEW FEATURE. The Default Search setting has been enhanced to allow setting Recommended Reading or Enhanced Search as the startup view. Previously, it was possible only to set Visual Search as the startup view. You can also find new release details on our web site and our M5 Library Assistant,

We continue to add new requested features and genuinely appreciate all of the feedback from our librarians around the world.

Hear what Librarians are saying about Mandarin
